

DT: Ready, Steady Grow

A shop is a place where people go to buy food, drink and other things with money.

A farm is an area of land and its buildings used for growing plants and rearing animals. Farms make lots of the foods that we eat.

Food can be from plants or animals. Fruit and vegetables are from plants. Meat, milk and eggs are from animals.

Many plants grow from seeds. Plants need water, sunlight, air and warmth to grow.
